Country, classical, jazz, rock—you name the genre and the CTAC Live Concert Series brings it right here to Duncan. These performances are high quality and affordable for the entire family. Additionally, educational outreach programs are provided by many of the artists to area schools, such as free matinees and workshops.

"My favorite part about the summer is coming to Arts Explosion and making a lot of fun things. My favorite is pottery. And I like meeting new friends." - Lisa

A location that would challenge a big city gallery, the CTAC Art Gallery exhibits art in a contemporary and professional manner. The gallery hosts several exhibits throughout the year where artists can highlight their talents and the community can experience art in an engaging and fun way.

Arts Explosion is a long-standing tradition in the community where children of all ages are exposed to a variety of art forms through a week-long art camp. The professional artists teach classes that challenge the participant's creativity and imagination.

Professional teaching artists come to schools to provide hands-on classes for students. These classes can include theater, visual art, literature and music—exposing many children to different art forms at early ages.

PERKS: Membership perks can include discount rates for concerts, programs, and artists' entry fees.
