

What is the Second Chance Ranch?

Structured living for struggling teens...

Our Vision: Our vision is to provide every adolescent with a safe, structured, and affordable living environment. A home where they may be free of all mind and mood-altering substances and find a new way of life. We will instill lessons that reinforce the tools and skills needed to succeed and excel in a life of recovery.

Our Mission: Our mission is to empower struggling teens by providing a safe, engaging, and positive living environment, where they can heal, learn, and grow in a life of recovery.

Our Solution: The Second Chance Ranch will provide a safe, structured environment with the peer support necessary for long-term recovery

As the first and only extended care, sober living for teens in the State of Oklahoma, we can give teenagers the tools and confidence they need to live a life of sobriety and overcome the feelings of hopelessness plaguing their generation.

The Second Chance Ranch will guide residents through a three-phase program. Each phase has specific goals and objectives that require them to dig deep on personal, spiritual, emotional, relational, and familial levels.

We will teach our residents to identify and manage their triggers, shortcomings, values, and passions, so that they can reach their full potential.

We want our residents to feel a sense of community and connection, learn to have fun in sobriety and empower them with the tools they need to be responsible members of society.
