Medium: Kite Making

**Audience: Early childhood,
Childhood, Teens, Adults**

Kite Making - **Dave Young** became a kite enthusiast years ago when he and his son purchased a kite kit. Dave has led several kite making workshops over the years with the Edmond Parks and Recreation Department, local elementary schools and the Memorial Day Weekend Kite Enthusiasts gathering in Junction, Texas.

Dave's residency will guide the students through the kite construction process and introducing them to basic kite making and decoration, as well as the history of kites. CTAC has had the pleasure of working with Dave for many years through our Art Ed in School and Arts Explosion programs.
